

MEMORANDUM FOR: DCI

There is one change in the attached program. CBS will cover the 3-day meeting with their radio equipment (no TV). Your speech will be the highlight of the Convention. CBS has agreed with Mr. Ball, he states, that if any part of your talk which they record on radio is indistinct, they will ask you to speak the particularly blurred lines over at the informal TV, radio, and press meeting following your talk.

Mr. Ball again requests that if you use this speech to make some announcement that will be particularly newsworthy, we let him know in advance.

Since you likely will not have your speech ready 48 hours in advance, it is requested that whoever accompanies you bring along 150 copies for delivery to Mr. Ball.

19 January 1960

(DATE)

STANLEY J. GROGAN, Assistant to the Director
